

CQURE Academy is all about YOU. We are here to help YOU become a Windows Security Expert – and we want to do it **in the most effective way possible.**

1. You have **feedback**.
2. You have a **question or an unresolved case** regarding Windows security. (If we haven't covered it yet, we'll answer it in one of our weekly tutorial videos or on our blog.)
3. You want to know more about our **online and offline trainings** – also about conferences.
